Professional Summary

Full Stack Developer with 2.5+ years of experience building scalable and secure web applications using Node.js, React.js, and Next.js.

Experienced in developing high-performance systems handling 1,000+ daily API requests.

Skilled in REST API development, database design, and TypeScript-based applications, with a focus on scalability and maintainability.

Technical Skills

Languages: JavaScript, TypeScript

Frontend: React.js, Next.js, Angular, HTML, CSS, Tailwind CSS

Backend: Node.js, Express.js

Databases: MySQL, MongoDB

ORM/ODM: TypeORM, Mongoose

Tools: Git, GitHub, Postman, QPDF

Concepts: REST API Development, Authentication (JWT), WebSockets, API Design, MVC Architecture

Professional Experience (Software Developer)

Edulab Educational Exchange Private Limited | Nov 2022 – Mar 2025 | Mumbai, India

On Screen Marking (OSM):

- Developed a scalable evaluation system capable of processing 10,000+ answer sheets, improving overall assessment workflow efficiency
- Built a responsive UI with React.js (Next.js, TypeScript) to enhance user experience
- Designed and implemented REST APIs handling 1,000+ daily requests with high reliability and performance
- Automated annotation and scoring processes, significantly reducing manual intervention and errors
- Structured complex workflows using nested JSON and implemented automated email notifications for better system clarity and communication

Question Paper Delivery (QPD):

- Delivered 5,000+ encrypted PDFs securely using QPDF-based encryption techniques
- Built an end-to-end delivery system supporting 500+ secure transactions daily
- Implemented secure document handling mechanisms to prevent unauthorized access
- Developed reliable backend systems capable of meeting strict delivery deadlines

Projects

Real-Time Chat Application

- Built a real-time chat application using React.js, Node.js, Express.js, and **Socket.io**
- Implemented WebSocket-based **real-time communication using Socket.io** for instant messaging
- Managed global state using **Redux** for efficient UI updates
- Designed scalable APIs to support concurrent users
- Applied **event-driven architecture** for real-time messaging system

Education

Bachelor of Science in Information Technology

Patkar College of Arts & Science, Mumbai, India

Graduated: April 2022 | CGPA: 8.25
