Professional Summary

Software Developer with 2.5+ years of experience building scalable web applications using **JavaScript**, **TypeScript**, **Node.js**, and the **React ecosystem**. Skilled in developing robust front-end and back-end systems, optimizing business workflows, and delivering secure, high-quality solutions.

Technical Skills

Languages & Frameworks: JavaScript, TypeScript, Node.js, Express.js, React.js, Next.js, HTML, CSS, Tailwind CSS

Databases: MongoDB, MySQL

ORM/ODM: TypeORM, Mongoose

Tools & Platforms: Git, GitHub, Postman, QPDF

Education

Bachelor of Science in Information Technology

Chikitsak Samuha's S.S. & L.S. Patkar College of Arts & Science | Mumbai, India

Graduated: April 2022 | CGPA: 8.25

Professional Experience (Software Developer)

Edulab Educational Exchange Private Limited | Nov 2022 – Mar 2025 | Mumbai, India

On Screen Marking (OSM):

- Designed and deployed a scalable platform to digitally evaluate **10,000+ answer sheets**, reducing evaluation time by **40%**.
- Built a responsive UI with **React (Next.js, TypeScript)**, earning a **98% satisfaction rate** from evaluators.
- Developed robust **REST APIs** using **Node.js** and **Express**, handling **1,000+ daily requests** with **99.9% uptime**.
- Automated annotations and mark calculations, reducing manual errors by **50%**.
- Implemented a nested JSON question system and auto-email alerts, improving structure clarity and **admin efficiency by 25%**.

Question Paper Delivery (QPD):

- Delivered a secure platform to distribute **5,000+ password-protected PDFs** under tight deadlines.
- Used **QPDF encryption** to eliminate unauthorized access incidents.
- Built end-to-end system with **Next.js** and **Express.js**, handling **500+ secure email keys** daily.
- Ensured **100% security compliance** with zero breaches during distribution.

Projects

On Screen Marking (OSM):

- A scalable platform for digital evaluation of answer sheets with automated marking and real-time evaluator workflows.

Question Paper Delivery (QPD):

- A secure system for encrypted question paper distribution with timed access and key-based delivery.
